Except as otherwise authorized by law, or as specifically exempted herein, all RIAC contracts shall be awarded as the result of:

- 6.2.1 [37-2-17(1)] competitive sealed bidding;
- 6.2.2 [37-2-17(2)] competitive negotiation;
- 6.2.3 [37-2-17(3)] non-competitive negotiation;
- 6.2.4 [37-2-17(4)] small purchase procedures;
- 6.2.5 Requests for Proposals; or
- 6.2.6 Where permitted by law, grants.

6.3 RULES FOR SOLICITATION

- 6.3.1 Bidders List. In general, solicitations will be sent only to those suppliers who have formally expressed a desire to bid on the particular types of items which are the subject of the bid solicitation; however, the RIAC Purchasing Agent may determine that competition would be enhanced by soliciting bidders who are not on the established Bidders List.
- 6.3.2 DBEs, MBEs, WBEs and Rhode Island Businesses. DBEs, MBEs, WBEs and Rhode Island businesses shall be solicited to the maximum extent determined by the RIAC Executive Director to be practicable.
- 6.3.3 Notification and Advertising
- 6.3.3.1 Notices shall be published in sufficient time to afford suppliers a fair opportunity to respond prior to the bid opening date and time.
- 6.3.3.2 Advertisements may be utilized in conjunction with requests for quotations or proposals for products or services at any estimated level of expenditure if the RIAC Purchasing Agent determines:
- 6.3.3.2.1 that the commodity or service is of such special nature that opportunities for competition will be enhanced by extending invitations to other than known suppliers;
- 6.3.3.2.2 that a purchase will be of interest to supportive industries, e.g. construction projects;
- 6.3.3.2.3 that a purchase is unusually large or infrequent.
- 6.3.3.3 The RIAC Purchasing Agent may advertise in widely circulated newspapers and/or trade journals to promote effective competition.
- 6.3.3.4 The RIAC Purchasing Agent may place advertisements in publications directed to minority communities and/or women to enhance opportunities for disadvantaged businesses to participate in the bidding process.
- 6.3.3.5 Notification of all solicitations shall be posted on the Rhode Island Vendor Information Program website. [32-2-17]
- 6.3.3.6 RIAC may utilize electronic commerce methods to provide notice of solicitations.

- 6.3.4 Solicitation of those not on Bidders List. The RIAC Purchasing Agent may consider soliciting offers from prospective suppliers not on the Bidders List; however, contract award shall be subject to the bidder satisfying all requirements for bid registration prior to a bid opening or award of contract.
- 6.3.5 Offers not Solicited. RIAC shall be under no obligation to consider an offer which has been submitted without solicitation.
- 6.3.6 Forms of Solicitation. Solicitations shall be prepared in a manner and form which enables suppliers to submit fully responsive and knowledgeable offers, and which clearly defines the criteria to be used in evaluating responses.
- 6.3.7 Measurable Criteria. Wherever possible, solicitations shall incorporate a standard specification, describing the level of performance required, and measurable criteria which define acceptance.
- 6.3.7.1 In certain cases, following detailed evaluation, brand name or other designations may be defined as standard items, where it is determined to be in the best interest of RIAC with regard to economies of scale, or cost or value analysis.
- 6.3.7.2 RIAC may develop standards committees (product advisory committees) to review, develop and update specifications and standard item designations for frequently and/or extensively used products.
- 6.3.8 Selection and Evaluation Criteria Defined. Selection and evaluation criteria shall be clearly defined in all solicitations.
- 6.3.8.1 [37-2-18(2)] The invitation for bids shall state whether award shall be made on the basis of the lowest bid price or the lowest evaluated or responsive bid price. If the latter basis is used, the objective measurable criteria to be utilized shall be set forth in the invitation for bids, if available.
- 6.3.8.2 Unless alternate offers are clearly requested or allowed, only those “Offers which are responsive, in all material respects, to the terms of the solicitation shall be considered.
- 6.3.8.3 Used items may be purchased to achieve financial benefit if the manufacturer will provide warranties for maintenance requirements and for the replacement of parts. Such certification/warranties shall be the same as that provided for new equipment. Purchase of used items that exceed a value of two hundred fifty dollars (\$250) shall require approval by the RIAC Executive Director.
- 6.3.9 Reverse Auctions. RIAC may utilize a reverse auction process as a form of competitive bidding.

6.3.10 Electronic Bidding. RIAC may elect to accept bids via an electronic bidding methodology.

6.4 **BIDDER SECURITY**

6.4.1 [37-2-40(1)] Bond or Cash Equivalent. Bidder's security shall be a bond provided by a surety company authorized to do business in Rhode Island, or the equivalent in cash, in a form satisfactory to RIAC.

6.4.1.1 The bidder may submit a certified check, bank check or money order as surety instead of a bond.

6.4.1.2 All such sureties must be dated within 30 days of the bid opening date and shall be valid for no less than, 60 days from the bid opening date.

6.4.1.3 All such sureties shall be made payable to RIAC.

6.4.1.4 All sureties shall contain an identification of the bid number for which the surety is intended.

6.4.2 [37-2-40(1)] Construction Contracts in excess of \$50,000. Bidder security shall be required for all competitive sealed bidding for construction contracts when the estimated price exceeds fifty thousand dollars (\$50,000). Nothing herein prevents the requirement of such bonds on construction contracts under fifty thousand dollars (\$50,000) when warranted under the circumstances.

6.4.2.1 Bidder security may be required for contracts involving blanket orders, services or high value items when the value of the contract exceeds fifty thousand dollars (\$50,000).

6.4.3 [37-2-40(2)] Minimum of Five Percent. Bidder's security shall be in an amount equal to at least five percent (5%) of the amount of the bid.

6.4.4 [37-2-40(3)] Rejection for Noncompliance. When the invitation for bids requires that bid security be provided, noncompliance requires that the bid be rejected; provided, however, that the RIAC Executive Director may set forth by regulations exceptions to this requirement in the event of substantial compliance.

6.4.5 [37-2-40(4)] Bids Irrevocable. After the bids are opened, they shall be irrevocable for the period specified in the invitation for bids, provided that if a bidder is permitted to withdraw his bid before award because of a mistake in the bid as allowed by law or regulation, no action shall be taken against the bidder or the bidder's surety.

- 6.4.6 Return of Sureties of All But Three Lowest Bidders. After the bid opening the RIAC Purchasing Agent shall return the sureties of all but the three (3) apparent lowest bidders. When the evaluation of the bid has been completed, the RIAC Purchasing Agent shall return all but the lowest bidder's surety.
- 6.4.7 Return of Low Bidder's Surety. After the low bidder has been notified of RIAC's intent to proceed with a contract, the low bidder's bid surety shall be returned. When performance, labor and/or material bonds are required, the bid surety shall be returned upon receipt of the appropriate bond(s).

6.5 CANCELLATION OF INVITATION FOR BIDS AND REQUEST FOR PROPOSALS

[37-2-23] An invitation for bids, a request for proposals, or other solicitation may be cancelled, or all bids or proposals may be rejected, if it is determined in writing that such action is taken in the best interests of RIAC and approved by the RIAC Executive Director.

- 6.5.1 No Proposals Reasonably Close to Expectations. If a solicitation results in none of the proposals being reasonably close to expectations, the RIAC Purchasing Agent may, with the written approval of the RIAC Executive Director, declare all bids unacceptable and re-solicit the procurement.
- 6.5.2 Only One Proposal. If a solicitation results in only one proposal, the price of which is not reasonably close to expectations, the RIAC Purchasing Agent may recommend that the RIAC Executive Director declare the bid unacceptable and either re-solicit the procurement or ask that the price be negotiated with the vendor.

6.6 CORRECTION OR WITHDRAWAL OF BIDS

- 6.6.1 [37-2-18(6)] As Permitted by RIAC Executive Director. Correction or withdrawal of bids may be allowed only to the extent described below.
- 6.6.2 Penalty. The RIAC Purchasing Agent or his designee shall be the sole determiner of whether correction or withdrawal of bids may be made without penalty.
- 6.6.3 Requests for Correction or Withdrawal. The RIAC Purchasing Agent shall respond to requests for correction or withdrawal within ten (10) working days, notifying the bidder of the status of his bid, bid surety and continued inclusion in RIAC's Bidders List.
- 6.6.4 Correction of a bid
- 6.6.4.1 Correction of a bid at any time prior to bid opening may be permitted without penalty when a bidder requests that his bid be returned and he resubmits a corrected bid prior to the bid opening.

6.6.4.2 A vendor who fails to resubmit a corrected bid before the bid opening shall be considered nonresponsive.

6.6.4.3 Requests by the apparent low bidder for correction of bids identifying all error(s) and specifying corrective action shall be submitted in writing to the RIAC Purchasing Agent and shall be re-evaluated with all other offers within five (5) working days after the bid opening.

6.6.5 Withdrawal of bids

6.6.5.1 Requests for withdrawal of bids shall be submitted in writing to the RIAC Purchasing Agent, providing an explanation for the action and advising the RIAC Purchasing Agent as to why the bidder should not be suspended from the RIAC Bidders List.

6.6.5.2 Withdrawal of bids without the written consent of the RIAC Purchasing Agent shall result in forfeiture of bid sureties and shall result in suspension or debarment from the RIAC Bidders List, depending upon the severity of the violation.

6.7 **SOLICITATION METHODOLOGY**

6.7.1 Procurements in Excess of \$1,000. Competitive offers shall be solicited for all procurements with a value greater than \$1,000 except under specifically prescribed circumstances set forth herein.

6.7.2 [37-2-22] Small Purchases. Procurements not to exceed an aggregate amount of twenty-thousand dollars (\$20,000) for construction and five thousand dollars (\$5,000) for other purchases may be made in accordance with the following small purchase regulations set forth below. Procurement requirements shall not be artificially divided so as to constitute a small purchase under this section. Small purchases may be effectuated through the use of procurement cards issued by the Purchasing Agent.

6.7.2.1 Small construction purchases shall include building, altering, repairing, improving or demolishing buildings or other improvements to real property. Small construction purchases shall not include routine maintenance or repair of existing structures, buildings, or real property performed by salaried employees of RIAC in the usual course of their jobs.

6.7.3 Three Bid Minimum. Competitive bids shall be obtained from a sufficient number of suppliers to be considered representative of the industry cited. Although three bids shall be considered the minimum, the RIAC Purchasing Agent may in some instances declare the existence of two bids to be considered to provide adequate price competition. The determination shall be made in writing and placed in the bid file.

6.7.4 [37-2-18(1)/22] Sealed, Written Competitive Bids in Excess of \$20,000 for Construction Contracts and \$5,000 for All Others. Sealed written competitive bids shall be required for purchase orders exceeding twenty-thousand dollars (\$20,000) for construction contracts and five thousand dollars (\$5,000) for all other purchases unless such method is not practicable.

6.7.4.1 [37-2-18(1)] Factors in Determining Whether Practicable - Factors to be considered in determining if competitive sealed bidding is practicable shall include whether specifications can be prepared which permit award on the basis of either the lowest bid price or the lowest evaluated bid price, the available sources, the time and place of performance, and other relevant circumstances appropriate for the use of competitive sealed bidding.

6.7.4.2 [37-2-18(3)] Adequate Public Notice - Adequate public notice of the invitation for bids shall be given a sufficient time prior to the date set forth therein for the opening of bids. Such notice may consist of a written invitation soliciting quotations from suppliers on RIAC's approved vendors list. Such notice may include publication in a newspaper of general circulation in the State of Rhode Island as determined by the RIAC Executive Director not less than seven (7) days nor more than twenty-one (21) days before the date set for the opening of the bids. The RIAC Executive Director may make a written determination that there is a need to waive the twenty-one (21) day limitation. The written determination shall state the reason why the twenty-one (21) day limitation is being waived and shall state the number of days, giving a minimum and maximum, before the date set for the opening of bids when public notice is to be given.

6.7.4.3 [37-2-18(4)] Opening of Bids - Bids shall be opened publicly at the time and place designated in the invitation for bids. Each bid, together with the name of the bidder, shall be recorded and an abstract made available for public inspection as soon as practicable thereafter. Subsequent to the awarding of the bid, all documents pertinent to the awarding of the bid shall be made available and open to public inspection and retained in the bid file.

6.7.5 Formal Competitive Bids

6.7.5.1 Procurements in Excess of \$2,500: Written Quotation - Except under emergency circumstances, competitive bids shall be obtained in the form of written quotations for all procurements exceeding two thousand five hundred dollars (\$2,500).

6.7.5.2 Characteristics of Formal Bids - A formal bid shall be distinguished by the solicitation of a minimum of three selected bidders who are potential suppliers for the commodity or service to be procured.

6.7.6 Informal Competitive Bids

- 6.7.6.1 Procurements Less Than \$2,500, Oral Quotations - Oral quotations (including telephone) may be solicited for purchase orders with a value less than two thousand five hundred dollars (\$2,500). If RIAC is unable to verify prices using published lists/catalogs or by market analysis, the lowest quotation obtained by telephone solicitation for procurements exceeding one thousand dollars (\$1,000) shall be confirmed in writing.
- 6.7.6.2 Characteristics of Informal Bids - An informal bid shall be distinguished by:
- 6.7.6.2.1 lack of a specific time by which bids must be submitted;
 - 6.7.6.2.2 lack of sealed written bids; quotes may be oral on the spot or by telephone and confirmed at a later date in writing;
 - 6.7.6.2.3 lack of an opening and reading of bids; and
 - 6.7.6.2.4 the solicitation of selected registered or unregistered bidders who are potential suppliers for the commodity or service to be procured and/or vendors suggested for consideration by RIAC.
- 6.7.6.3 Three Bid Minimum - Informal bids shall be solicited from a minimum of three suppliers.
- 6.7.6.4 Maximizing Participation - All informal bid invitations shall be conducted in such fashion as to maximize the opportunity for participation of all responsible suppliers.
- 6.7.6.5 Equitable Distribution - For those purchases not affected by regional considerations, requests for quotations (RFQs) shall be distributed equitably among various responsible suppliers. Where practical, a quotation will be solicited from other than the previous supplier prior to placing a repeat order.
- 6.7.6.6 Written Justification - When informal competitive bids are received in accordance with the provisions contained herein and award is not made

to the low bidder, the purchase order file shall be annotated with statements of how the supplier was selected and why the price is fair and reasonable.

- 6.7.6.7 Quarterly Audit - RIAC purchasing management shall audit the use of informal competitive bids. As a minimum, quarterly review of performance by buyers should be conducted to sample (on a random basis) the reasonableness and effectiveness of buyer use and documentation of the informal bid process.

6.7.7 Requests for Proposals

- 6.7.7.1 When Used - Requests for Proposals (RFPs) shall be utilized to solicit competitive offers in all cases where:

- 6.7.7.1.1 Lowest price is not the sole or primary consideration to be used in determining an award;

- 6.7.7.1.2 Performance is neither specific nor objective, and open to the offeror's interpretation;

- 6.7.7.1.3 It is otherwise anticipated that offers may be substantially different and that there is insufficient common ground for objective comparison; or

- 6.7.7.1.4 It is anticipated that changes will be made after proposals are opened and that the nature of the proposals and/or prices offered will be negotiated prior to award.

- 6.7.7.2 Criteria to be Used - Wherever possible, the Request for Proposals shall define the performance or benefit required and shall set forth specific criteria to be utilized in evaluation of offers.

- 6.7.7.3 How Offers Evaluated - Offers shall be evaluated by a committee comprised of representatives of RIAC on the basis of:

- 6.7.7.3.1 The qualifications of the offerors, established by professional accomplishment and previous experience;

- 6.7.7.3.2 Aspects of offers which provide benefit, other than those based on cost; and

- 6.7.7.3.3 Other provisions of offers which are determined to serve the best interests of RIAC.

- 6.7.7.4 Award Solely on Basis of Cost - Nothing herein shall be construed to preclude the possibility of determining an award solely on the basis of cost.
- 6.7.7.5 Full Documentation - The evaluation of offers, including the weight assigned to various aspects of the offers, and all award determinations, including the reasons for a selection recommendation, shall be fully documented.

6.8 SOURCE SELECTION AND CONTRACT AWARD

6.8.1 [37-2-18(5)] Award to Lowest Bid or Lowest Evaluated or Responsive Bid. The contract shall be awarded with reasonable promptness by written notice to the responsive and responsible bidder whose bid is either the lowest bid price or lowest evaluated or responsive bid price.

6.8.1.1 Awards Within Sixty Days of Bid Opening - Awards shall be made within sixty (60) days of the bid opening unless expressly provided for to the contrary in the solicitation. Bids may not be withdrawn during this period without penalty without the express permission of the RIAC Purchasing Agent.

6.8.1.2 Special Consideration to DBEs, MBEs and WBE's - In accordance with Rhode Island law, the RIAC Purchasing Agent may, after considering the overall cost to RIAC prior to making a final determination of award, apply special consideration to the offers of DBEs, MBEs and WBE's when:

6.8.1.2.1 the solicitation provides for such consideration;

6.8.1.2.2 the offer is fully responsive to the terms and conditions of the solicitation;

6.8.1.2.3 the price offer made by the MBE is determined to be within a competitive range (not to exceed five percent (5 %) higher than the lowest responsive price offer) for the product or service; and

6.8.1.2.4 the firm making the offer conforms to the definition of a minority business enterprise as set forth herein.

6.9 DBE, MBE and WBE SET-ASIDES

Notwithstanding anything to the contrary herein, in order to assist RIAC in attaining its DBE, MBE and WBE, RIAC may identify certain construction projects as suitable for competitive bidding among DBEs, MBEs and WBEs only and, with respect to such projects, may solicit bids therefore solely from DBEs, MBEs and WBEs; provided, however, that there exist at least three (3) DBEs, MBEs and WBEs with the capability consistent with contract requirements so as to permit competition.

SECTION 7 - NEGOTIATION

7.1 GENERAL PROVISIONS

- 7.1.1 Objective. The objective of negotiation shall be to secure advantageous terms and conditions, and/or to exact improvements in terms and conditions offered to RIAC, and/or to reduce potential cost to RIAC.
- 7.1.2 When Negotiation Used. Negotiation shall be used to establish or modify contractual provisions in all cases where:
 - 7.1.2.1 Responsive firm, fixed pricing is not the sole determinant for award;
 - 7.1.2.2 Responses to competitive bidding suggest that lower pricing, or other improvements in offers, are achievable;
 - 7.1.2.3 Single or sole source procurements are made;
 - 7.1.2.4 Responses to Requests for Proposals do not permit effective comparison, due to the differing nature of the responses;
 - 7.1.2.5 The scope of a contract changes during the performance period, such that modification of price, or of other provisions, may be called for; or
 - 7.1.2.6 The RIAC Purchasing Agent has determined in writing that a product, or the market in which a product is sold, is noncompetitive in nature.

7.2 COMPETITIVE NEGOTIATION

When Competitive Negotiation Used. A contract may be awarded by competitive negotiation when:

- 7.2.1 [37-2-19(3)] it is determined in writing by the RIAC Purchasing Agent that the bid prices received by competitive sealed bidding either are unreasonable as to all or part of the requirements, or were not independently reached in open competition, and for which:
 - 7.2.1.1 Each competitive bidder has been notified of the intention to negotiate and is given reasonable opportunity to negotiate;
 - 7.2.1.2 The negotiated price is lower than the lowest rejected bid by any competitive bidder; and
 - 7.2.1.3 The negotiated price is the lowest negotiated price offered by a competitive offeror; or

- 7.2.2 In any case where the scope, term, or other requirements of the procurement have not been determined at the time that a requisition is issued, or where optional offers are desired and encouraged, or where the value of the procurement has not been definitively established.

7.3 PROCEDURES

- 7.3.1 Request for Proposals (“RFPs”) When Competitive Negotiation is Used. When competitive negotiation is used, RFPs shall be used in accordance with the following procedure:

7.3.1.1 [37-2-19(2)] Adequate public notice of the RFP shall be given in the same manner as provided for in competitive sealed bidding.

7.3.1.2 An RFP shall describe and enumerate the item(s) covered, their specification(s), contract terms(s), and any other special provisions or requirements.

7.3.1.2.1 [37-2-19(4)] The request for proposals shall indicate the relative importance of price and other evaluation factors.

7.3.1.3 At a public opening of responses to RFPs, the RIAC Purchasing Agent shall not be allowed to reveal other than the names of those responding. The nature of responses shall not be subject to public disclosure until a contract has been awarded.

7.3.2 Review and Discussion

7.3.2.1 [37-2-19(6)] Written or oral discussions shall be conducted with all responsible offerors who submit proposals determined in writing to be reasonably susceptible of being selected for award. Discussions shall not disclose any information derived from proposals submitted by competing offerors. Discussions need not be conducted:

7.3.2.1.1 With respect to prices, where such prices are fixed by law or regulation, except that consideration shall be given to competitive terms and conditions;

7.3.2.1.2 Where time of delivery or performance will not permit discussions; or

7.3.2.1.3 Where it can be clearly demonstrated and documented from the existence of adequate competition or accurate prior cost experience with the particular supply, service, or construction item, that acceptance of an initial offer without discussion would result in fair and reasonable prices, and the request for

proposals notifies all offerors of the possibility that award may be made on the basis of the initial offers.

7.3.2.2 Responses to the Request for Proposals shall be evaluated:

7.3.2.2.1 To determine nonresponsive offers, which shall be eliminated from further consideration;

7.3.2.2.2 To determine the lowest-cost combination of options, terms, and conditions, establishing a base-line; and

7.3.2.2.3 To establish a cost ranking of responses to that baseline.

7.3.2.3 [37-2-20(2)] Where there is more than one offeror, competitive negotiations shall be conducted with the three (or two if there are only two) bidders determined in writing to be the lowest responsive and responsible bidders to the competitive sealed bid invitation. Such competitive negotiations shall be conducted under the following restrictions:

7.3.2.3.1 If discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions.

7.3.2.3.2 A request for proposals, based upon revised specifications or quantities, shall be issued as promptly as possible, shall provide an expeditious response to the revised requirements, and shall be awarded upon the basis of the lowest bid price or lowest evaluated bid price submitted by any responsive and responsible offeror.

7.3.2.3.2.1 The provisions of Section 37-2-20(2) may be waived in any case where the lowest-cost response is ten percent (10%) or more lower than the next lowest cost offered.

7.3.3 [37-2-54(2)] General Service Administration Contracts. Neither the RIAC Executive Director nor the RIAC Purchasing Agent is prohibited from negotiating with vendors who maintain a General Service Administration price agreement with the United States of America or any agency thereof or with the State of Rhode Island or any agency thereof; provided, however, that no contract executed under this provision shall authorize a price higher than is contained in the contract between General Service Administration and the vendor affected.

7.3.4 Request for Best and Final Offer

- 7.3.4.1 On the basis of discussions with offerors, a request for Best and Final Offer, which describes the requirements of the procurement in the final form, shall be issued to all offerors still under consideration.
- 7.3.4.2 Each offeror shall submit a Best and Final Offer, which defines such offeror's best price, and other terms, for the procurement.
- 7.3.4.3 Best and Final Offers shall be evaluated in the same fashion as a normal competitive bid.
 - 7.3.4.3.1 [37-2-19(5)] Award shall be made to the responsible and responsive offeror whose proposal is determined in writing to be the most advantageous to RIAC taking into consideration price and the evaluation factors set forth in the request for proposals.

7.4 **NONCOMPETITIVE NEGOTIATION**

7.4.1 When Noncompetitive Negotiation Used. Noncompetitive negotiation may be used:

- 7.4.1.1 [37-2-20(1)] in the event that all competitive sealed bids submitted through a formal solicitation result in bid prices in excess of the funds available for the purchase, and the RIAC Executive Director determines in writing that there are no additional funds available from any source so as to permit an award to the lowest responsive and responsible bidder, and the best interests of RIAC will not permit the delay attendant to a re-solicitation under revised specifications, or for revised quantities, under competitive sealed bidding;
- 7.4.1.2 to improve the price offered of the evaluated lowest-cost response to any competitive bid;
- 7.4.1.3 where the RIAC Purchasing Agent has determined in writing that:
 - 7.4.1.3.1 A single or sole source procurement is involved;
 - 7.4.1.3.2 The product, or market in which a product is sold, is noncompetitive in nature; or
 - 7.4.1.3.3 Collusive or exclusionary selling practices are in evidence; or
- 7.4.1.4 to modify a contract during its performance, provided that no attempt is made to reduce the contractual obligations of the supplier, vendor, or contractor, or the contract term is not extended except in response to a

request by the supplier, vendor, or contractor in consideration for other substantive changes, and where such extension of term of contract is determined in writing by the Purchasing Agent to be in the best interests of RIAC.

7.4.2 Written Documentation. The conduct of noncompetitive negotiation including, but not limited to, issues discussed, options considered, the rationale applied to decisions made and agreements reached shall be documented in summary form and placed in the purchase order file.

7.5 TRUTH IN NEGOTIATIONS REQUIREMENTS - COST OR PRICING DATA

7.5.1 [37-2-28(1)] Accuracy of Cost and Pricing-Data. In all negotiated contracts, a contractor shall submit cost or pricing data and shall certify that, to the best of his knowledge and belief, the cost or pricing data submitted were accurate, complete, and current as of a mutually determined specified date prior to the date of:

7.5.1.1 The pricing of any negotiated contract where the total contract price is expected to exceed fifty thousand dollars (\$50,000); or

7.5.1.2 The pricing of any change order or contract modification which is expected to exceed twenty-five thousand dollars (\$25,000), or such lesser amount in either instance as may be prescribed by the RIAC Purchasing Agent.

7.5.2 Applicability

7.5.2.1 The requirements of Section 7.5.1 above apply to all change orders or contract modifications over \$25,000 incorporating an aggregate of changes equal to this value, e.g., an additive change of \$20,000 and a deductive change of \$11,000 are equal to an aggregate change value of \$31,000 and thus are subject to the requirements of this section.

7.5.2.2 [37-2-28(3)] The requirements of this section need not be applied to contracts where the price negotiated is based on adequate price competition, established catalogue or market prices of commercial items sold in substantial quantities to the general public, prices set by law or regulation, or in exceptional cases where it is determined in writing by the RIAC Executive Director that the requirements of this section may be waived, and the reasons for such waiver are stated in writing.

7.5.3 Cost or Pricing Data Factors. Cost or pricing data may include such verifiable factors as all vendor quotations, nonrecurring costs, changes in production methods- and production or procurement volume, data in support of contractor projection of business prospects and objectives, together with related costs of operations, unit cost trends such as those associated with labor efficiency, make-or-buy decisions

and estimated resources to attain business goals and any other management decisions which reasonably could be expected to have a significant bearing on costs under a proposed contract.

7.5.4 When Requirement Met. The requirement for submission of cost or pricing data is met when all data reasonably available to the contractor have been submitted or identified in writing at the time of agreement on price. The availability of books, records, and other documents without specific identification and explanation shall not be considered submission for the purposes of verification and agreement.

7.5.5 Subcontracting Requirements

7.5.5.1 Subcontractors' Cost or Pricing Data - In all contracts involving subcontractors, prime contractors shall require subcontractors to submit cost or pricing data for procurements in excess of fifty thousand dollars (\$50,000) unless exempted herein.

7.5.5.2 Certification - Prime contractors shall require subcontractors to certify that cost and pricing data submitted are accurate, complete, and current as of the date of agreement on price.

7.5.5.3 [37-2-28(2)] Adjustment Due to Inaccurate Cost or Pricing Data of Contractor - Any contract, change, or modification thereto under which a certificate is required shall contain a provision that the price to RIAC, including profit or fee, shall be adjusted to exclude any significant sums by which the RIAC Purchasing Agent finds that such price was increased because the contractor furnished cost or pricing data which as of the date agreed upon between the parties, was inaccurate, incomplete, or not current.

7.5.5.4 Adjustment Due to Inaccurate Cost or Pricing Data of Subcontractor - Prime contractors must agree that the prime contract price shall be reduced in any significant amounts by which the prime contract price was overstated because a subcontractor did not submit accurate, complete, and current cost or pricing data when required by law.

7.6 GUIDELINES IN NEGOTIATIONS

7.6.1 Written Statement Regarding Negotiation. The RIAC Purchasing Agent who is responsible for the negotiation shall prepare a written statement at the conclusion of each negotiation phase setting forth the principal elements of the price negotiation.

7.6.1.1 Sufficient detail shall be recorded to reflect the most significant considerations controlling the establishment of the price.

- 7.6.1.2 If cost and pricing data were not required, a statement detailing the basis for determining that the price was fair and reasonable and the extent to which the data submitted were not a factor in the price negotiated shall be recorded.
- 7.6.2 Audit Clause. Contracts shall contain an audit clause that provides that if, after award, the RIAC Purchasing Agent obtains information that submitted data were inaccurate, incomplete or not current, or if the data were not adequately verified at the time of negotiation, then a post-award audit shall be undertaken by the RIAC Purchasing Agent or his designee and the contract shall be deemed to be automatically modified to reflect the data submitted.
- 7.6.3 Unit Pricing. Contracts shall contain to the extent possible language that provides for unit pricing for potential change orders.
- 7.6.4 Analysis in Absence of Competitive Sealed Bidding. The RIAC Purchasing Agent shall conduct or shall obtain price analyses to ascertain whether the price quoted is fair and reasonable in relation to comparable procurements when the absence of open market competition precludes the use of competitive sealed bidding.

- 7.6.5.1 Contract settlement shall be made in accordance with terms specified in the purchase order;

9.2 GENERAL CHARACTERISTICS OF RIAC CONTRACTS

9.2.1 General Terms and Conditions. The RIAC Purchasing Agent shall develop and make available to potential suppliers a document stating the general terms and conditions applicable to all quotations and RIAC purchasing contracts.

9.2.1.1 The General Terms and Conditions shall:

- 9.2.1.1.1 be referenced and made a part of all solicitations for proposals and quotations; all RIAC purchase orders,

contracts, and letters of authorization; and bidder registration documentation.

9.2.1.1.2 provide notice to bidders that contract award may be subject to the bidder signing an affirmation (certification) regarding certain legal requirements or restrictions relating to foreign corporations, goods produced in South Africa, disadvantaged business enterprises, labor rates, local product preference, etc., as required by the RIAC Purchasing Agent.

9.2.1.2 When a contract has been entered into between RIAC and another party, neither party shall have the legal right to add new terms or conditions without the consent of the other, unless the contract so specifies.

9.2.1.3 All contract pricing shall be firm and fixed unless contract language provides for reconsideration. Issuance of purchase orders shall not be made on the basis of “advise pricing” (or “pricing to be determined”) agreements. All commitments shall be on the basis of estimated prices with a “not to exceed” maximum authorization when firm, fixed pricing agreements are not possible.

9.2.1.4 Changes in scope, price, and length of contract period shall require contract amendments that are specified in writing.

9.2.1.5 Unanticipated changes may be considered with the express consent of both parties.

9.2.1.6 The issuance of a Purchase Change Order in accordance with the provisions of the contract and other requirements specified herein shall be considered a binding contract.

9.2.2 Termination. As appropriate, RIAC contracts shall include clauses which address special conditions/procedures for termination of contract not contained in RIAC’s General Terms and Conditions; e.g., provisions for penalties or forfeitures for contract noncompliance may be included; a convenience termination clause which permits RIAC to terminate, at its own discretion, the performance of work in whole or in part, and to make a settlement of the vendor’s claims in accordance with appropriate regulations and applicable contractual conditions.

9.2.3 Mutual Agreement. The agreement shall consist of an offer by one party, called the offeror, and an acceptance by the other party, called RIAC.

9.2.3.1 When a purchase order is issued which does not differ from the bid submitted by an offeror, mutuality shall be assumed.

- 9.2.3.2 In accordance with the General Terms and Conditions which notify offerors that the RIAC Purchasing Agent reserves the right to make partial bid awards, mutuality shall be assumed when a purchase order does not differ from the elements of a bid submitted by an offeror.
- 9.2.3.3 Any offer, whether in response to a solicitation for proposals or bids, or made without a solicitation, which is accepted in the form of an order made by the RIAC Purchasing Agent, or a RIAC official with purchasing authority delegated by the RIAC Purchasing Agent, shall be considered a binding contract.
- 9.2.4 Consideration. Although consideration to support a contract may assume other forms, generally it shall mean the agreement to pay a sum of money for the delivery of the desired items or services rendered. It shall not be essential that the consideration be of a substantial consequence but shall have some value. Compensation shall be specified and shall include but not be limited to: (a) terms of payment for partial delivery or completion; (b) unit of cost (hourly rate, per report rate), if appropriate; (c) frequency/conditions for payment - weekly, monthly, upon completion of percentage of work, etc.; and (d) retainage, when appropriate.
- 9.2.5 Capacity of Parties. The contracting parties shall have the legal authority to enter into contracts.
- 9.2.6 Competence of Parties. The contracting parties shall be of legal age and of sound mind.
- 9.2.7 Duration. Length of contract period shall be specified.
- 9.2.8 Designated Contact. A RIAC official from whom the contractor shall obtain direction shall be named and/or a format for written authorization to deliver (e.g., request for delivery form for master pricing agreement) shall be specified.
- 9.2.9 Public Works/Construction Contracts. Public Works/Construction Contracts shall provide for the following:
- 9.2.9.1 Certificates of insurance to protect the general public or property belonging to RIAC or the State from injury or loss arising from actions or inaction of the contractor during the progress of a contract.
- 9.2.9.2 Each contractor shall be responsible for providing satisfactory evidence of complete coverage of all insurances, including without limitation workers' compensation insurance, permits, and licenses required by state, city or town statutes, ordinances, and/or regulations.

9.3 THE PURCHASE ORDER CONTRACT

9.3.1 Entire Agreement. When a purchase order form is used, the entire agreement with the supplier shall, at all times, reside solely in the purchase order form and its supplements.

9.3.2 Purchase Order Supplements. Purchase Order Supplements shall consist of all of the following documents:

9.3.2.1 RIAC's General Terms and Conditions;

9.3.2.2 RIAC's request for quotations or proposals, including specifications;

9.3.2.3 The contractor's offer which is responsive to the solicitation; and/or

9.3.2.4 As appropriate, additional contract provisions.

9.4 MULTI-YEAR CONTRACTS

9.4.1 [37-2-33(1)] When Permitted. Unless otherwise provided by appropriations therefor, multi-year contracts for supplies and services may be entered into for periods not extending beyond the end of the biennium in which the contract was made, if funds for the first fiscal year of the contemplated contract are available at the time of contracting. Payment and performance obligations for succeeding fiscal years shall be subject to the availability of funds therefor.

9.4.1.1 "Biennium" shall mean a period of time equal to two fiscal years.

9.4.1.2 "Fiscal year" shall mean RIAC's fiscal year.

9.4.1.3 Multi-year contracts that extend beyond a biennium shall be permitted provided that:

9.4.1.3.1 funds for the first year of the biennium have been included in RIAC's budget;

9.4.1.3.2 contracts shall contain a standard clause which states that implementation of the contract beyond the first fiscal year shall be subject to the availability of funds; and

9.4.1.3.3 a written justification is placed in the purchase order file or the category of procurement has by regulation or policy been identified by the RIAC Executive Director as appropriate for multi-year contracting, e.g., property leases.

- 9.4.1.4 Multi-year contracts shall specify the annual costs and total value of each contract.
- 9.4.2 [37-2-33(2)] Determination of Necessity. Prior to the utilization of a contract as described in R.I. General Laws Section 37-2-33(1), it shall be determined in writing by the RIAC Executive Director:
 - 9.4.2.1 That estimated requirements cover the period of the contract and are reasonably firm and continuing; and
 - 9.4.2.2 That such contract will serve the best interests of RIAC by encouraging effective competition or otherwise promoting economics in RIAC procurement.
 - 9.4.2.3 The RIAC Executive Director may delegate to the RIAC Purchasing Agent all or a portion of the responsibility and authority to make such determinations.
- 9.4.3 [37-2-33(3)] Cancellation. When funds are not appropriated or otherwise made available to support continuation of performance in a subsequent year of a multi-year contract, the contract for such subsequent year may be cancelled and the contractor shall be reimbursed for the reasonable value of nonrecurring costs incurred but not amortized in the price of the supplies or services delivered under the contract.

[37-2-33(3)] The cost of cancellation may be paid from:

 - 9.4.3.1 Funds in RIAC's budget currently available for performance of the contract;
 - 9.4.3.2 Funds in RIAC's budget currently available for procurement of similar supplies or services and not other-wise obligated; or
 - 9.4.3.3 Funds in RIAC's budget made specifically for the payment of such cancellation costs.
- 9.4.4 Appropriate Cases for Multi-Year Contracts. Multi-year contracts shall be appropriate purchasing instruments for transactions for which the nature of the goods and services will remain relatively stable over time; and for which potential changes in price can be predicted and agreed to in advance, including provisions for mandated escalation requirements, such as:
 - 9.4.4.1 Lease and lease-purchase agreements for equipment, real property, and facilities;
 - 9.4.4.2 Maintenance and repair of specialized equipment;

- 9.4.4.3 Special licensing agreements (computer, communication);
- 9.4.4.4 Special services for which the contract award is based on a request for proposals;
- 9.4.4.5 Supplemental services, the approval of which is based upon the recommendation of a RIAC selection committee; and selection by the RIAC Executive Director;
- 9.4.4.6 Any other contractual relationship where it has been determined in writing by the RIAC Executive Director that a long-term agreement shall be the most cost-effective method of procurement.

9.5 LETTER OF AUTHORIZATION

When the RIAC Executive Director determines in writing that it is absolutely essential that the vendor be given a binding commitment so that work can be commenced immediately and that negotiation of a definitive contract cannot be accomplished in sufficient time, the RIAC Purchasing Agent may issue a Letter of Authorization.

9.5.1 Letter of Authorization Instrument. A Letter of Authorization (“LA”) shall mean a written instrument binding only when signed by the RIAC Purchasing Agent, which authorizes immediate commencement of implementation of the delivery of supplies or the performance of services.

9.5.2 Requirements of an LA. Such instrument shall:

- 9.5.2.1 Represent a preliminary authorization subject to the subsequent issuance of a purchase order.
- 9.5.2.2 Be superseded by a definitive contract at the earliest practicable date not later than the greater of the following:
 - 9.5.2.2.1 the expiration of 180 days from the date of the LA; or
 - 9.5.2.2.2 delivery of forty percent (40%) of the contract.
- 9.5.2.3 Be specifically negotiated and shall address the following contractual requirements:
 - 9.5.2.3.1 the vendor will proceed immediately with performance of the contract, including procurement of necessary materials;
 - 9.5.2.3.2 the extent and method of payment in the event of termination for the convenience of RIAC or for default;

- 9.5.2.3.3 the vendor is not authorized to expend monies or incur obligations in excess of the maximum liability of RIAC as set forth in the letter contract;
- 9.5.2.3.4 the type of definitive contract contemplated;
- 9.5.2.3.5 as many definitive contract provisions as possible;
- 9.5.2.3.6 the vendor shall provide such price and cost information as may reasonably be required by RIAC; and
- 9.5.2.3.7 the vendor and RIAC shall enter into negotiations promptly and in good faith to reach agreement and execute a definitive contract.

9.6 CHANGES TO PURCHASE ORDERS

- 9.6.1 Change Orders. All agreements and changes to scope of work, price, or other terms shall be incorporated into purchase orders via “change order” documents incorporating contract amendments.
- 9.6.2 Exclusive Documents for Changes. Change Orders issued by RIAC shall be the only binding documents that may create a change in a purchase order or any other contract.
- 9.6.3 Prior Necessary Approvals. Personnel shall not commit RIAC to technical/contractual changes to purchase orders without first securing all necessary approvals.
- 9.6.4 Changes Prior to Change Order. All written or oral potential changes may be disclaimed as not being binding on the supplier or RIAC until formally incorporated in the purchase order via a change order.
- 9.6.5 Letter of Authorization. In general, change orders shall be issued by RIAC following receipt of quotations and discussions of price and delivery with the supplier. If circumstances preclude immediate issuance of a formal change order, interim direction to the supplier may be made via an LA signed by the RIAC Purchasing Agent.

9.7 TERMINATION OF CONTRACT

- 9.7.1 Invalidity of Bidder Certifications. If required bidder certifications are determined to be invalid, the RIAC Purchasing Agent shall declare the purchase order void.

- 9.7.2 Written Notice of Termination. Notice of termination by either party shall be submitted in writing to the other party in accordance with the termination clause of the contract.
- 9.7.3 Cancellation of a Contract by RIAC for Nonperformance
- 9.7.3.1 Cancellations of Purchase Order Contracts or Master Pricing Agreements shall require the signature of the RIAC Purchasing Agent or his designee.
- 9.7.3.2 A contract may be cancelled or annulled at the contractor's expense upon determination by the RIAC Purchasing Agent that a condition of nonperformance exists.
- 9.7.3.3 "Nonperformance" shall mean lack of compliance with the contract specifications and/or terms and conditions.
- 9.7.3.4 Cancellation by the RIAC Purchasing Agent for nonperformance shall be subject to the following rules:
- 9.7.3.4.1 The RIAC Purchasing Agent shall notify the contractor in writing that he or she is not in compliance with the contract. Such notice of nonperformance shall:
- 9.7.3.4.1.1 specify the nature of the complaint;
- 9.7.3.4.1.2 direct the contractor to take corrective action;
- 9.7.3.4.1.3 direct the contractor to respond in writing to the notice of nonperformance within a specified time period; and
- 9.7.3.4.1.4 notify the contractor that failure to respond as directed may result in cancellation of the order.
- 9.7.3.5 If a contractor fails to take corrective action and/or respond to a notice of nonperformance, the RIAC Purchasing Agent may issue a change order canceling the contract.
- 9.7.3.6 If, after reviewing the contractor's response, the RIAC Purchasing Agent determines that the contractor is in compliance with the contract requirements, he shall so notify the contractor in writing, providing a rationale for his decision.
- 9.7.3.7 If the RIAC Purchasing Agent determines that valid extenuating circumstances out of the control of the contractor have prevented

compliance with the contract requirements, he may amend the contract to provide for a reasonable opportunity for the vendor to perform the contract, if necessary.

- 9.7.3.8 If the RIAC Purchasing Agent believes that a contractor's action or lack thereof presents a clear and immediate danger to the public interest, he may request in writing that the RIAC Executive Director authorize immediate termination of the contractual relationship.
- 9.7.3.9 Copies of all communications with a contractor regarding nonperformance shall be sent to the contractor's bonding company, power of attorney and RIAC legal counsel.
- 9.7.3.10 If the RIAC Purchasing Agent determines that a contractor is unwilling or unable to perform a contract, he shall:
 - 9.7.3.10.1 direct the contractor's bonding company to assume responsibility for the performance of the contract if a performance bond has been issued;
 - 9.7.3.10.2 so notify the contractor; and
 - 9.7.3.10.3 notify the contractor whether he/she has been temporarily suspended or permanently debarred from the RIAC Bidders List and shall be responsible for any costs incurred by RIAC in the completion of the contract.

9.8 TYPES OF PURCHASE ORDER CONTRACTS

9.8.1 Fixed Price (FP)

- 9.8.1.1 The Firm Fixed Price (FFP) contract shall mean one that provides for a price that is not subject to any adjustment by reason of the seller's cost experience in the performance of the contract. This type of contract should be used when the price is based on credible cost data for the completion of the order.
- 9.8.1.2 The Fixed Price with Economic Price Adjustment (FPW/EPA) contract shall mean one that provides for the upward or downward revision of stated price upon the occurrence of certain economic conditions that are specifically defined in the contract. These conditions are limited to those beyond the control of the seller.
- 9.8.1.3 A Fixed Price Redeterminable (FPR) contract shall mean one which permits reconsideration of price at a stated time after contract initiation

when the only supplier capable of performing a job cannot quote a fixed price with full assurance that it will be fair and reasonable.

9.8.1.4 The Fixed Price Incentive (FPI) contract shall mean one which provides for the adjustment of profit (fee) and price according to a sharing arrangement based on the relationship which final negotiated total cost bears to the negotiated target cost.

9.8.2 Cost Reimbursement

9.8.2.1 A Cost No Fee, (CNF) contract shall mean one under which the seller receives no fee.

9.8.2.2 A Cost Sharing (CS) contract shall mean one under which the seller not only receives no fee but is reimbursed for only an agreed upon portion of its allowable costs.

9.8.2.3 A Cost Plus Fixed Fee (CPFF) contract shall mean one that provides for the payment of a fixed fee to the seller. The fixed fee negotiated does not vary with actual cost, but may be adjusted as a result of any subsequent changes in the work or service to be performed under the purchase order.

9.8.2.4 A Cost Plus Incentive Fee (CPIF) contract shall mean one which provides for a fee that is adjusted by formula in accordance with the relationship that total allowable costs bear to target costs, a target fee, a minimum and maximum fee, and a fee adjustment formula. Upon completion of the order, the fee is determined in accordance with the established formula as an incentive for performance efficiency; however, there is no ceiling price specified and the seller is under no obligation to complete the order once the funds obligated have been exhausted.

9.8.2.5 A Time and Materials (T/M) contract shall mean one which provides for the purchase of supplies or services on the basis of (1) direct labor hours at specified fixed hourly rates (which rates include direct and indirect labor, overhead and profit) and (2) material at cost. Material handling costs may be included to the extent they are clearly excluded from any factor of the charge computed against direct labor hours (L/H).

9.8.3 A Blanket Order shall mean an arrangement under which a purchaser contracts with a vendor to provide the purchaser's requirements for an item or a service, on an as-required and often over-the-counter basis. Such an arrangement sets a limit on the period of time it is valid and the maximum amount of money which may be spent at one time or within a specified period. (Usually, but not always, the funds for agency blanket orders will be encumbered.)

- 9.8.3.1 A Pricing Agreement (PA) shall mean a special blanket order which establishes the terms and conditions under which a specific item or a specific category of items in an indefinite quantity, are to be purchased for a specific period of time, usually one year.
- 9.8.3.2 A Master Pricing Agreement (MPA) shall mean a pricing agreement that has been established on behalf of more than one entity. (Usually, funds for MPA contracts are not encumbered.)
- 9.8.3.3 A Term Contract shall be synonymous with an MPA contract.
- 9.8.4 Prohibited Contracts. Use of the following types of contract is prohibited:
 - 9.8.4.1 A Cost Plus Percentage of Cost (CPPC) contract shall mean one which provides for a fee that is adjusted by percentage formula in accordance with the relationship to total cost. The percentage formula may be fixed, but fee paid may be adjusted as a result of any subsequent changes in the work or service to be performed under the purchase order. [37-2-29]
 - 9.8.4.2 A To Be Determined (TBD) contract shall mean one which enables the buyer and the seller to enter into a relationship with no predetermined terms at the initiation of the contract.

9.9 PRINCIPLES FOR SELECTION OF TYPE OF PURCHASE ORDER CONTRACT

The selection of the appropriate type of contract is a matter that requires the exercise of judgment in order to obtain fair and reasonable prices in accordance with the circumstances of the procurement.

- 9.9.1 Factors in Determining Type of Contract. In determining the type of contract to be used, consideration shall be given but not limited to such factors as:
 - 9.9.1.1 Type and complexity of the item or scope of work to be performed;
 - 9.9.1.2 Urgency of the requirement;
 - 9.9.1.3 Prospective period of contract performance;
 - 9.9.1.4 Degree of competition present;
 - 9.9.1.5 Extent of completion of baseline and detail design, which in turn may influence other considerations such as the adequacy and firmness of specifications, and the availability of relevant historical pricing data and prior experience;

- 9.9.1.6 Availability of comparative price data, or lack of firm market prices or wage levels;
 - 9.9.1.7 Prior experience with the supplier;
 - 9.9.1.8 Extent and nature of subcontracting contemplated;
 - 9.9.1.9 Assumption of business risk;
 - 9.9.1.10 Supplier technical capability and financial responsibility;
 - 9.9.1.11 Administrative costs;
 - 9.9.1.12 Adequacy of the supplier's accounting system; and
 - 9.9.1.13 Other concurrent contracts.
- 9.9.2 [37-2-32] Firm Fixed Price Contracts Preferred. Except with respect to firm fixed price contracts, no contract type shall be used unless it has been determined in writing that the proposed contractor's accounting system will permit timely development of all necessary cost data in the form required by the specific contract type contemplated and that the contractor's accounting system is adequate to allocate costs in accordance with generally accepted accounting principles.
- 9.9.2.1 The firm fixed price contract shall be used in applications and under limitations hereinafter set forth, unless the use of another type of contract is more appropriate.
- 9.9.3 [37-2-31] Best Interests of RIAC. Subject to the limitations on entering into cost plus percentage of cost and cost reimbursement contracts set forth herein, any type of contract which will promote the best interests of RIAC may be used.
- 9.9.4 Cost Reimbursement Contracts
- 9.9.4.1 [37-2-30(1)] No contract providing for the reimbursement of the contractor's cost plus a fixed fee (cost reimbursement) may be made through negotiation or in sole source or emergency procurements unless it is determined in writing by the RIAC Executive Director that such contract is likely to be less costly to RIAC than any other type of contract, or that it is impracticable to obtain supplies or service of the kind or quality required except under such a contract.
- 9.9.4.2 [37-2-30] Each contractor under a cost reimbursement type contract shall obtain consent from the RIAC Executive Director, as provided for in the contract, before entering into:

- 9.9.4.2.1 a cost reimbursement subcontract; or
- 9.9.4.2.2 any other type of subcontract involving more than ten thousand dollars (\$10,000) or ten percent (10%) of the estimated cost of the prime contract, whichever is greater.
- 9.9.4.3 [37-2-30(3)] All cost reimbursement contracts shall contain a provision that only costs recognized as allowable, in accordance with cost principles set forth in regulations issued by the RIAC Executive Director will be reimbursed.
- 9.9.5 FPW/EPA Contracts. When an FPW/EPA contract is employed, provisions shall be included for downward adjustment of the contract price in those instances where the prices or rates may be expected to fall below the base price agreed to by contract.
 - 9.9.5.1 Types of Economic Adjustments. Types of economic adjustments shall include but shall not be limited to:
 - 9.9.5.1.1 Price Adjustment - a modification of the base purchase order price on the basis of increases or decreases in published or established prices of specific items.
 - 9.9.5.1.2 Labor and Material Adjustment - a modification of the contract base price on the basis of increases or decreases of wage rates, specific material costs, or both, using agreed upon standards or indices.
 - 9.9.5.2 This type of contract may be appropriate where valid doubt exists as to the predictability of economic conditions that will exist during a multi-year contract period. Price adjustment provisions shall not be used to provide protection to contractors against contingencies that arise from inaccurate estimates of the quantities of labor or materials required for completion of a contract.
- 9.9.6 FPR Contracts. When FPR contracts are employed the basis for adjustments shall be established when the contract is negotiated and a cost baseline shall be established.
 - 9.9.6.1 The following data shall be secured from each source before placing a redeterminable order: number of estimated hours and method used in arriving at hours; direct labor rates per hour; material cost, including both quantities and unit prices; overhead rates (categorized by element); profit, any other data deemed pertinent for analysis of the prices quoted.

- 9.9.6.2 The establishment of a redeterminable type of contract shall require the written authorization of the RIAC Executive Director.
- 9.9.7 FPI Contracts. When FPI contracts are employed:
- 9.9.7.1 There shall be an initially negotiated firm target cost, a target profit, a price ceiling and a final profit and price adjustment formula. After completion, a final cost shall be negotiated and a final price established in accordance with the predetermined formula.
- 9.9.7.2 The circumstances must be such that targets are reasonably free of contingencies and provided that a fair and reasonable incentive formula can be established at the time of initial contract negotiation and the contract is of sufficient duration to permit achievement of substantial cost reductions.
- 9.9.7.3 The same supplier cost data shall be required as for a redetermination contract.
- 9.9.8 CNF Contracts. A CNF contract may be used for research and development work, particularly with nonprofit organizations and educational institutions.
- 9.9.9 CPFF Contracts. A CPFF contract is suitable when:
- 9.9.9.1 The scope and nature of work cannot be definitely specified.
- 9.9.9.2 Definite specifications exist but the seller lacks a valid basis for estimating costs because the supplies called for are not items regularly manufactured, or the services called for have not been previously performed, or partial experience will not reveal a proper -pricing basis for the remainder of the contract.
- 9.9.9.3 Specifications are not complete or major changes substantially affecting the scope of production or construction work are expected.
- 9.9.9.4 Work is to be performed in a RIAC-owned facility with the use of RIAC-owned equipment, materials, or personnel.
- 9.9.10 T/M Contracts. A T/M contract shall include the establishment of a cost limitation that the seller may not exceed (except at his or her own risk). A T/M contract shall be used only in situations when:

- 9.9.10.1 it is not possible at the time of placing the order to estimate the extent of the work or to anticipate final costs with any reasonable degree of accuracy such as: (1) engineering and design services; (2) certain repair, maintenance or overhaul work; and (3) emergencies.
- 9.9.10.2 provision is made for appropriate surveillance by RIAC personnel during performance.

9.9.11 L/H Contracts. L/H contracts based solely on labor hours shall be considered a subcategory of T/M contracts, subject to the same restrictions as the T/M contract and shall be used only after the RIAC Purchasing Agent has determined that no other type of contract is suitable for meeting the needs of the requisitioner.

9.9.12 MPA Contracts. Considerations for use of an MPA contract:

- 9.9.12.1 The MPA shall specifically state the term and probable volume consideration of the agreement.
- 9.9.12.2 The seller shall be authorized to ship to RIAC only those items specified by a delivery request (on a form to be provided) issued under the authority of the Master Pricing Agreement. RIAC is obligated for payment only to the extent of the specific quantities set forth in the delivery request or for express considerations applicable to the contract itself.
- 9.9.12.3 The specific category of items to be purchased may be listed in a catalog prepared specifically for the agreement, a catalog of items offered for sale by a supplier, a national catalog published by a catalog publishing firm, or such other lists of items as may, from time to time, be determined as being a legally sufficient description of the item or items being purchased.

9.10 CONSTRUCTION CONTRACTING MANAGEMENT

[37-2-39] Responsibility for selection of methods of construction contracting management
For construction contracting management contracts exceeding One Million Dollars (\$1,000,000), the RIAC Executive Director shall provide for as many alternative methods of management of construction contracting as he may determine to be feasible, setting forth criteria to be used in determining which method of management of construction is to be used for a particular project, and granting to the RIAC Board of Directors the discretion to select the appropriate method of construction contracting for a particular project; provided, however, that the RIAC Executive Director shall execute and include in the contract file a written statement setting forth the facts which led to the selection of a particular method of management of construction contracting in each instance.

SECTION 10 - EXCEPTIONS TO COMPETITIVE BIDDING REQUIREMENTS

10.1 AUTHORITY TO MAKE EXCEPTIONS TO THE REQUIREMENT FOR COMPETITION

Pursuant to R. I. General Laws Section 37-2-4, the RIAC Purchasing Agent may, with the approval of the RIAC Executive Director, waive requirements for competitive sealed bidding in accordance with Section 37-2-54 of the General Laws of Rhode Island, including without limitation in the following circumstances:

10.1.1 Contractual services where no competition exists;

10.1.2 Where rates are fixed by law or ordinance;

10.1.3 All other commodities, equipment and services which, in the reasonable discretion of the RIAC Executive Director, are available from only one source;

10.1.4 Interests in real property;

10.1.5 Where non-compliance with 37-2-54 is required due to federally mandated rules or regulations applicable to RIAC;

10.1.6 Where non-compliance with 37-2-54 would prevent or hinder RIAC from complying with the terms and conditions of any grant or funding, including without limitation any grant or funding through the Federal Highway Administration or any state agency, the Federal Aviation Administration, or any gift, bequest, or cooperative agreement.

10.2 GOODS OR SERVICES OBTAINED BY RIAC FROM A STATE AGENCY

Goods or services obtained by RIAC from a state agency, such as printing from Prison Industries or use of Central Service Accounts, shall be exempt from competition. However, internal service fund purchases shall be made in accordance with all policies and procedures for competitive procurements. NOTE: Purchases of services from state higher educational institutions are subject to competitive review and require the submission of requisitions.

10.3 SMALL PURCHASES NOT EXCEEDING \$1000

Competitive bids shall not be required for purchase orders up to \$1000 in value if the prices are considered to be reasonable; however, RIAC officials shall be encouraged to obtain informal quotes.

- 10.3.1 Fair and Reasonable Price. It shall be the responsibility of RIAC personnel to exercise good judgment as to what is a fair and reasonable price.
- 10.3.2 Verification When Doubt as to Reasonableness. Specific action to verify the reasonableness of a price shall be taken when it is suspected that the price may not be reasonable, e.g., comparison to previous price paid or personal knowledge of the item involved.
- 10.3.3 Equitable Distribution. When practicable, an effort shall be made so that purchase orders up to \$1000 in value shall be distributed equitably among suppliers. Quotations should be solicited from the previous supplier and other bidders prior to placing a repeat order so as to ensure equitable distribution and enhance competition. Additional bidders should be different from previously unsuccessful bidders. When practicable, effort shall be made to solicit small disadvantaged minority or women-owned businesses.
- 10.3.4 Artificial Division of Larger Purchases Prohibited. Under no circumstance shall purchases exceeding \$1000 be artificially divided into component parts to circumvent the competitive process. Abuses of this limitation will be reported to the RIAC Executive Director who will hold the responsible party accountable for violations.
- 10.3.5 Procurement Cards. Small purchases may be effectuated through the use of procurement cards issued by the Purchasing Agent.

10.4 SOLE SOURCE

[37-2-21(a)] A contract may be awarded for a supply, service, or construction item without competition when the RIAC Executive Director determines, in writing, that there is only one source for the required supply, service, or construction item.

- 10.4.1 Delegation to Purchasing Agent. The RIAC Executive Director may delegate the authority for determination of sole source to the RIAC Purchasing Agent.
- 10.4.2 Sole Source Categories. Sole source categories may include:
- 10.4.2.1 items of a unique nature that are unavailable from other sources due to patents or proprietary processes;
 - 10.4.2.2 books, maps, periodicals, and technical pamphlets, films, video and audio cassettes obtained from publishers;
 - 10.4.2.3 certain computer software;
 - 10.4.2.4 licenses - computer software, electronic transmittal;

- 10.4.2.5 specialized replacement/repair parts or expansion parts necessary to maintain the integrity of system or function, e.g. scientific research;
- 10.4.2.6 works of art for museum or public display;
- 10.4.2.7 specialized services for which there is only one documented accepted source, such as transactions involving unique professional services and/or educational institutions, e.g., visiting speakers or professors, and performing artists; repair/maintenance agreements with manufacturers;
- 10.4.2.8 advertisements, public notices in magazines, trade journals, newspapers, television;

NOTE: Purchase of advertising and public relations campaign services must be established through a competitive selection process.

- 10.4.3 Continuing Responsibility to Evaluate Market. This provision excepting sole source procurements from competitive bidding shall not be interpreted to reduce the responsibility of RIAC to evaluate the market continuously to research product alternatives and develop additional sources (distributors).
- 10.4.4 Alternative Distributors and Manufacturers. In attempting to achieve the goal of maximizing competition to the greatest extent possible, alternative distributors and manufacturers shall be pursued to sole source items by using compatible replacement parts as long as warranties are not affected by substitution.
- 10.4.5 Maintenance Contracts. Maintenance contracts based upon sole source determination shall be subject to the following:
 - 10.4.5.1 Annual maintenance contracts in excess of \$5,000 shall require approval by the RIAC Executive Director.
 - 10.4.5.2 All multi-year contracts shall require approval by the RIAC Executive Director.
 - 10.4.5.3 To achieve better pricing, when the total amount for all contracts with the same supplier exceeds five thousand dollars (\$5,000), RIAC shall consolidate such requirements.
- 10.4.6 Nonprofit Providers. The RIAC Executive Director or his designee may, at his initiation or upon the review of a justified request and/or recommendation from the RIAC Executive Director, make a determination that a category of nonprofit providers constitutes sole source suppliers for certain types of service.

10.5 EMERGENCIES

[37-2-21(b)] Notwithstanding any other provision of the State Purchases Act or these procurement rules, the RIAC Executive Director may make or authorize others to make emergency procurements when there exists a threat to public health, welfare or safety under emergency conditions as defined in regulations; provided, that such emergency procurements shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency and for the selection of the contractor shall be included in the contract file.

- 10.5.1 Remedy or Repair Exceeding \$1000. In accordance with procedures established by the RIAC Purchasing Agent, authorized officials of RIAC shall be permitted to react quickly to critical situations when the cost for a remedy or repair is in excess of \$1000 and there is not sufficient time to undertake a public, formal, or informal bidding process.
- 10.5.2 What Constitutes an Emergency. An emergency shall mean a situation to which urgent response is required. Immediate dangers to health and safety, threats to property and necessary functions, and failures of critical equipment constitute emergencies.
- 10.5.3 Inadequate Anticipation. Inadequate anticipation of need shall not be considered justification for “emergency” purchases.
- 10.5.4 Commitments Beyond Emergency. Commitments that extend beyond the immediate response to the emergency shall be prohibited, i.e., prevention of future problems by corrective measures other than the immediate restoration of function must be pursued through the competitive purchasing process.
- 10.5.5 State Emergency Response List. The State Office of Purchases shall establish, through competitive bidding, a list of emergency response vendors and shall make such list available to RIAC.
- 10.5.5.1 When possible, RIAC shall obtain services from a list of vendors selected by competitive process to provide specialized trade in emergencies.
- 10.5.5.2 If an emergency cannot be addressed by a designated vendor, the Office of Purchases shall assist in obtaining names and telephone numbers of responsible vendors.
- 10.5.6 Emergency Response Officer. Upon determination of the existence of an emergency, RIAC’s [designated emergency response officer] shall consult with the RIAC Purchasing Agent before committing to a particular vendor. The RIAC Purchasing Agent shall maintain logs of all oral confirmations of authorization to proceed.

10.5.7 Emergency Outside of Business Hours. If the emergency occurs outside of business hours for the RIAC division of purchases, RIAC shall be authorized to proceed in accordance with the principles and policies of sound procurement practices outlined herein.

10.5.8 Documentation. All emergency purchases shall be documented in accordance with procedures established by the RIAC Purchasing Agent. RIAC shall maintain documentation for the emergency situation and response action in writing. All emergency documentation forms shall be signed by either the RIAC Executive Director or the designated emergency response official.

10.6 STANDARD OR ESTABLISHED CATALOGUE ITEMS

10.6.1 Standard or established catalogue items may be identified by the RIAC Executive Director as exceptions to competitive bidding. RIAC officials may submit requests and justification for Delegated Purchase Authority for the acquisition of such items to the RIAC Purchasing Agent, who shall recommend an appropriate course of action to the RIAC Executive Director.

10.6.2 RIAC may utilize cooperative contracts.

10.7 EXPENDITURES WHICH ARE NOT PROCUREMENTS

10.7.1 Grants, Benefits, Entitlements, Subsidies and Reimbursements. Grants, benefits, entitlements, subsidies and reimbursements shall not be considered procurements. The following types of expenditures shall not be subject to the provisions of the State Purchases Act for competitive procurement:

10.7.1.1 Reimbursement to local governments.

10.7.1.2 Reimbursements of third parties for client-demand services shall be considered benefits for which competitive solicitation is not required.

10.7.1.3 Entitlements for specific recipients or categories of recipients as prescribed by legislative mandate (including federal programs).

10.7.1.4 Grants, subsidies, entitlements or benefits purchased on behalf of, or paid directly to, individuals.

10.7.1.5 Employee expenses, subsidies and benefits. Examples include but shall not be limited to:

(b) allowances (e.g., tools, clothing) per union contract;

- (c) fees - dues/membership, tuition costs, conference registration; and
- (d) tests/examinations/certifications.

10.7.2 Responsibility of RIAC to Promote State Competition

- 10.7.2.1 RIAC may obtain services or provide programs on behalf of clients through grants to nonprofit or other entities; however, the purchase of services and programs for which recipients can be defined as suppliers/vendors shall be obtained by a request for proposal procedure to obtain the advantages of competition.
- 10.7.2.2 Nonprofit status shall not automatically exempt organizations from being subject to competitive purchasing principles.

10.7.3 Special Provisions for Grants

- 10.7.3.1 Grants in the form of subsidies or general assistance shall be administered by RIAC in accordance with legal mandates restricting or defining the use of such funds.
- 10.7.3.2 All grant transactions shall be approved in accordance with requirements established by the RIAC budget office.
- 10.7.3.3 Grants for the provision of programs, services, and facility improvements shall not be provided without agreements or contracts which:
